

SODEXO: PROVIDING FM SERVICES ACROSS THE NORTH WEST OF ENGLAND

Sodexo provides a range of services in the North West of England for major clients in markets including justice, healthcare, education and corporate services. One of the largest is Central Manchester University Hospitals NHS Foundation Trust, where an 800-strong Sodexo team delivers services to the Trust's five specialist hospitals which together treat more than one million patients every year. Other clients include HMP Forest Bank, a number of Oasis Academy schools, Cheadle Hulme School, The Co-Operative Group and AstraZeneca.

Greater Manchester is also home to the organisation's IS&T, finance and HSEQ teams and Sodexo's Salford office accounts for some 400 of the 4,000 employees it has across the North West. It received a Business of the Year award at the 2016 MEN Business Awards in recognition for making a significant contribution to the region through employment, development and investment.

Sodexo is committed to being an active participant in the communities where it operates and as a major employer works with clients across the region to identify opportunities where it can support the wider community. For instance, Sodexo's catering team at AstraZeneca UK's Alderley Edge and Macclesfield sites has strong links with the local community supporting the next generation of chefs from Liverpool Community College as well as mentoring young chefs from across the local area.
